**Vote Ron Fedler on November 4th....
New Leadership for Working Families**

Paid for by the Henry County Democratic Party

**Protecting our Communities ...
Providing for the Future**

Throughout his life, Ron Fedler has worked to protect our communities and to create a brighter future for our children. As a Mayor, small business owner, Veteran, or corrections officer, Ron Fedler understands what it takes to ensure our community remains a great place to live, work and raise a family.

Protecting our Communities

Corrections officer Ron Fedler has led efforts to keep our children and communities safe by cracking down on child sexual predators, and getting tough on meth dealers and producers, especially those who produce this dangerous drug in the presence of children. Ron is committed to ensuring our communities remain a great place to raise a family.

Backbone of our Economy

As a former small business owner of Dugan's Corner Store in West Point, Ron Fedler understands small businesses are the backbone of our economy and are key to job creation in our communities. As State Representative, Ron will work to lower health care costs and attract new businesses to the area to create more high-paying jobs in our community.

Budget Balancing Mayor

During his six years as Mayor, Ron Fedler balanced six budgets and never once raised taxes on the citizens of West Point. Ron will bring fiscal responsibility to the State House. He will fight wasteful spending, hold the line on taxes and create a balanced budget that funds our priorities of health care, education, alternative energy and job creation.
